

## **NOTICE OF PUBLIC HEARINGS**

### **Municipal Growth and Water Resources Elements of the City of Rockville Master Plan**

Notice is hereby given that the Mayor and Council will conduct two public hearings on Monday, September 13, 2010 at 7:00 p.m. or as soon thereafter as they may be heard, in the Mayor and Council Chambers, Rockville City Hall, 111 Maryland Avenue, Rockville Maryland in connection with 1) the Municipal Growth Element of the City's Comprehensive Master Plan as approved by the Planning Commission; and 2) the Water Resources Element of the City's Comprehensive Master Plan as approved by the Planning Commission.

The Municipal Growth Element delineates future growth areas in the City and assesses the impacts of projected growth on public services and infrastructure such as police, fire and emergency medical services, schools, libraries and parks, as well as water and sewer facilities.

The Water Resources Element requires that municipalities identify drinking water resources to meet the needs that arise from projected growth. Receiving water and wastewater treatment areas must be identified. The element is also concerned with water resource protection, ground water resources, water quality standards and Total Maximum Daily Loads (TMDLs).

For more information on the Municipal Growth Element, contact Manisha Tewari, planner at 240-314-8213 or [mtewari@rockvillemd.gov](mailto:mtewari@rockvillemd.gov).
